DYNAMIC

Designed for restaurants, bars, entertainment centers, resorts, community living—anywhere and everywhere people gather for fun—Duckpin Social is Brunswick’s attention-getting twist on duckpin bowling, a ten-pin game popular in the Northeastern U.S. and Canada for more than a century. Duckpin Social delivers maximum fun (and revenue) in a mere one-third the space required for standard bowling.

CAPTIVATING

Duckpin Social is easy to love: Players don’t need to hunt for a particular ball (one size fits all) or rent shoes (wear your own!). The small ball, without finger holes, makes Duckpin Social easy for kids to enjoy but challenging for adults to master. And Sync® Scoring offers a variety of games and formats that keep the experience fresh and can be tailored to guest preferences.

EASY GOING

With minimal lane and pinsetter maintenance requirements, Duckpin Social is so easygoing a bartender or server can keep things humming along without technical training or equipment. Duckpin Social's compact, durable StringPin pinsetter features fewer parts and adjustments than the traditional kind; it even auto-detects any tangles and automatically rights the pins. The electronic 360 Controller evolves with the needs of your business, and an intuitive touchscreen makes it easy to learn and operate.
